

REKLUZ™

Luxuriate your space

- Custom-made shower cubicle
- Water-resistant hydrophobic properties
- Standard 10 mm tempered glass for more strength & durability
- 2 year warranty on cubicles and 5 year warranty on hardware

Everything in your home is classy and comfortable. But a nagging feeling hasn't left you. Your bathroom feels incomplete in comparison. What if there was a chance to add a touch of luxury, cleanliness and hygiene to your bathroom? Welcome to Rekluz- a world of international quality shower enclosures.

Rekluz offers a full range of shower enclosures based on the design and technical needs of your bathroom. From conceptualising to execution, we provide the perfect fit, which ensures enhanced beauty, a heightened sense of safety and luxurious lifestyle, which resonates with you.

Each part is international quality and the enclosures are available at unbelievably affordable prices. With pioneering 'Easy Clean' Nanoscale Technology ensuring hydrophobic properties on the inside of the enclosures, you have no problem maintaining its clean and transparent beauty. It repels oil, soap and water, besides the prevention of any kind of water spots, bacterial growth or build up of lime scales.

Ready to fit, easy to install and time-saving properties make Rekluz an automatic choice for functional and active homes which have time and space constraints.
